Surakarta City, Central Java, Indonesia

Fresh graduate in Information Systems from Telkom University with a GPA of 3.86/4.00 (CumLaude), experienced in system requirements analysis, business process modeling, and information system solution design. Skilled in eliciting stakeholder requirements, preparing functional requirements and system documentation using BPMN and UML, and designing interface prototypes using Figma. Supported by experience developing a functional inventory system as well as analytical, problem-solving, and teamwork skills to support system development and improvement.

EDUCATION

Telkom University Bandung **September 2022 – August 2026**

- Bachelor of Information Systems | GPA: 3.86/4.00 (*Cum Laude*) (Transcript) | PANDI Scholarship Recipient 2024
- Final Project & Scholarly Publication International : *AI-Based Split Bill Adoption in Fintech: A Measurement Model Validation of Extended TAM Among Generation Z* — ICSCC 2026 (413 valid respondents).
- Relevant Coursework: Business Process Modeling, Information Systems Analysis and Design, Business Process Engineering, Capstone Design and Project, User Experience (UX) Design.

WORK EXPERIENCE

PT. Solo Murni (Kiky Creative Product) – Boyolali, Central Java **June 2025 – August 2025**

Business Development Intern

- **Analyzed the material purchase request process in the PPIC Division** through **stakeholder interviews, discussions, and document review** to identify workflow discrepancies and manual process constraints as the basis for business process improvement.
- **Prepared the new system requirements specification**, covering *Functional Requirements*, *Use Case Description*, *Use Case Diagram*, and *Activity Diagram* as the primary reference for the development team.
- **Designed 20 interface mockups using Figma** covering **4 main system flows**, namely material allocation, purchase requests, monitoring of requests by the PPIC MC, and monitoring and approval by the PPIC Manager.

SAG Laboratory Telkom University – Bandung, West Java **September 2024 – December 2024**

Operation Division - Business Process Modeling Practicum Assistant

- **Prepared Module 0 on Business Process Modeling** as a learning guide for **100+ Information Systems undergraduate students**.
- Guided students in translating real business scenarios into standard process diagrams (*as-is* & *to-be*) using **Visual Paradigm.**
- **Handled LMS issues** related to assignment submission, attendance, and material access to support the smooth running of practicum activities.

ORGANIZATIONAL EXPERIENCE

ERP Laboratory Telkom University – Bandung, West Java **March 2024 – January 2026**

Permanent Staff – Competition Division

- **Coordinated** SAP SCM600 training and certification for **50+ students** by managing the timeline, speakers, participant administration, and technical event requirements.
- Prepared the *business case* modules and assessment rubric at the ERP Mini Contest event to evaluate the sharpness of participants' solution analysis.
- **Curated** ERP competition information for official Instagram content to support the dissemination of competition information to students.

UKM Band Telkom University – Bandung, West Java **April 2023 – April 2025**

Core Board Member – Treasurer

- Managed cash flow, payments, and financial administration of the organization across various activities, as well as coordination with external vendors.
- Managed the procurement of organizational merchandise by sourcing vendors and negotiating prices to support activity needs.

GENESIS HMSI Telkom University – Bandung, West Java **April 2024 – December 2024**

Division Staff – Public Relation Crew

- Coordinated communication with speakers and MCs and supported the smooth running of events.

ACADEMIC PROJECTS

Business Process Analysis and Modeling — PT Kiat Ananda Group **2024**

Business Process Modeling & Business Process Engineering Project Courses (portfolio)

- Modeled 4 business processes (Recruitment, Planning, Loading, and Delivery) based on employee interviews using BPMN and Visual Paradigm to document the existing process flows.
- Modeled business process workflows using Visual Paradigm and Draw.io to support process documentation and analysis.

Information System Analysis & Design – PT Kiat Ananda Group **2025**
Integration Course (portfolio)

- Analyzed user problems and needs to formulate the system's functional requirements as the basis for solution design.
- Documented the system design through Use Case Diagram, Use Case Description, Activity Diagram, Sequence Diagram, Class Diagram, Component Diagram, and Deployment Diagram.

Odoo CRM Implementation – PT Furniture Nusantara (Dummy Company) **2025**
Academic Project – ERP & Business Process Analysis (portfolio)

- Analyzed customer management and sales process challenges to identify CRM system requirements.
- Configured Odoo CRM to support centralized customer data management, sales pipeline tracking, and lead follow-up.
- Utilized CRM reporting and dashboard features to monitor sales opportunities and support performance analysis.

Internal Inventory Management System – Chicken William **2026**
Capstone Project – System Analysis & ERP (portfolio)

- **Developed a functional web-based inventory management system** to replace manual stock recording and support real-time raw material monitoring.
- Applied **inventory control methods** (*Reorder Point / ROP*, *Economic Order Quantity / EOQ*, and the *FIFO* recording method) in the system logic design.

SKILLS

Technical Skills

- **System & Business Analysis**: Requirements Analysis, Functional Requirements, Stakeholder Analysis, Business Process Analysis, System Documentation
- **Modeling & Design**: BPMN, UML, Use Case Diagram, Activity Diagram, Sequence Diagram, Class Diagram, ERD
- **Tools & Technology:** Visual Paradigm, Bizagi Modeler, Figma, MySQL, Microsoft Office, Odoo ERP, SAP SCM

Soft Skill: Analytical Skills, Problem Solving, Communication, Teamwork, Adaptability, Leadership
Languages: Indonesian (Native), English (Professional Working Proficiency)

TRAINING & CERTIFICATIONS

ABAP SAP Bootcamp – PT Sinergi Informatika Semen Indonesia (SISI) **June 2026 – August 2026**

- Learned ABAP fundamentals in SAP, report creation, database queries, program parameters, and an introduction to ABAP Objects and Class Builder.

SAP Certification: SCM300 (2025) (certificate) | SCM100 (2025) (certificate) | SCM500 (2024) (Certificate) | AC010 (2024) (certificate) | SAP01 (2022) (Certificate)
